

Join our team as **Web Developer**

Are you looking for a refreshing career opportunity as a Computer Science/Web Developer? We are a Spokane based national healthcare consulting company specializing in long-term care. This is a unique opportunity for someone that enjoys functioning outside the box. We provide various financial services to Providers of long term care and are hiring a seasoned and talented Computer Science/Web Developer to focus on our two proprietary websites and develop new projects as needed. If you are looking for a flexible work schedule, competitive benefits, good pay, and a fun work environment then send us your resume.

Position Overview

Consolidated Billing Services, Inc. provides online services to over 2,500 Medicare certified Skilled Nursing Facilities to promote Medicare billing accuracy. We are seeking a very motivated individual to maintain and expand our current websites. A flexible schedule is integral to this position.

Essential Duties

Responsible to assure our online products meet our client's needs and content remains up to date on a regular basis. This shall include the implementation and maintenance of program practices to aide in website troubleshooting, and oversee and monitor SEO marketing. You will work with our Director of Reimbursement to design and develop Home Health Statistical Analysis as well as discharging mapping data based on CMS data. Assist in the production of training videos and work with SNFCB Customer Service to assure website information is current and accurate.
