

## CLEVELAND WEDGES #1 SHORT IRONS SINCE 1979

Cleveland Golf Wedges have dominated the golf wedge industry for nearly four decades, constantly pushing the envelope with score-dropping innovations. Trused by PGA Tour champions including Hideki Matsuyama, J.B. Holmes, Keegan Bradley, and Graeme McDowell, Cleveland Golf offers a wedge specifically created for every kind of golfer.

In selecting wedges, Cleveland Golf suggests you put together a playing set with a range of 4-6 degree separation, giving the golfer a 12-16 yards of dispersion. So generally think about putting in a gap wedge that's 48 or 50°, a sand wedge that's between 54 and 56°, and a lob wedge that's between 58 and 60°.

Do you dig or sweep the ball off the turf? Golfers who dig and take a bigger divot typically benefit from a higher bounce. Bounce is your friend!

Each Cleveland Golf Wedge comes with its own performance advantages, allowing golfers to find a wedge or wedges that blend with their set of clubs and offer excellent versatility and forgiveness.
